Dr S RURAL ENGINEERING CONSULTANCY Ltd is proud to have served for over 7 years. Throughout its five years of practice, **Dr S RURAL ENGINEERING CONSULTANCY Ltd** has provided professional engineering and architectural services for many municipal, industrial, commercial, institutional, and private organizations. We are extremely proud of the fact that we have served some of our clients continuously for over 7 years.

Since the founding of **Dr S RURAL ENGINEERING CONSULTANCY Ltd**, we continue to be dedicated to the best interests of our clients and serving their needs. Over the year, there have been some changes in the needs of our clients, but overall, the principals and values that we operate by help us achieve excellence in our professional endeavors. We have maintained a strong set of core values that we call our corporate philosophy that defines who we are, what we do and how we do it.

We have a talented group of professionals on our employment team. Our employees include professional engineers, staff engineers, technicians, environmental professionals, land surveyors, building inspectors and administrative staff.

The employees at **Dr S RURAL ENGINEERING CONSULTANCY Ltd** are honest and ethical in their actions. We keep our commitments and treat others with mutual respect and trust. We hold ourselves to high standards of honesty and integrity both inside and outside of work.

In Community Involvement, we are commonly benefiting the public and working for the betterment of our clients and their facilities. We realize many people do not know what we do or how we do it. They also may not know our impact on the community, because our work is largely behind the scenes.

For this reason, we feel it is important that people know we give back to the communities in which we work and that we contribute to the communities in which we live.
